## **Department of Arts**

| Program outcomes   | BA/(M.A)   Program specific outcomes   |
|--|--|
|  |  |
|  | To understand the present existing social, political, religious and economic   |
|  | conditions of the people. To prepare graduates/ Post graduates to understand   |
| To demonstrate the basic knowledge and understanding of selected fields      | fundamental concepts of the different aspects of the field. To instil the  |
| of study in core disciplines like humanities, social sciences and languages. | knowledge of the works of social reformers in Indian context .   |
|  |  |
| DEPARTMENT   | DF COMPUTER SCIENCE  |
|  | Program specific outcomes  |
| Program outcomes   |  |
| The skills are advantaged and a second state of the second state of          | This can be a self-control of the self-control |
| The ability to understand, analyze and develop software programs in the      | This program could provide well - trained professionals to meet the  |
| areas related to system software, multimedia, web design, application        | technological requirements . The graduates will get hands on experience in   |
| program, database graphics and networking for efficient design of            | various aspects of information technology viz. software updation, programme  |
| technology of varying complexity.  | developers, software testing, BPO and web designing .  |
| DEPARTMENT (   | DF COMMERCE (B.COM)  |
|  |  |
|  | Program specific outcomes  |
| Program outcomes   |  |
|  |  |
| This program could provide well trained professionals for the Industries,    |  |
| Banking Sectors, Insurance Companies, Financing companies,                   |  |
| Transport Agencies, Warehousing etc. to meet the well trained                | The students should possess the knowledge, skills and attitudes during the end of  |
| manpower requirements. The graduates will get hands on experience in         | the B.com degree course. By virtue of the training they can become an assistant  |
| various aspects acquiring skills for Marketing Manager, Selling              | Manager, Accountant, Management Accountant, cost Accountant, Bank  |
| Manager, Over all Administration abilities of the Company.                   | Clerk, Auditor, Teacher, Stock Agents, Government employees etc.,  |
| DEPARTMENT (   | <br>DF_UG & PG DIPLOMAS  |
| Program outcomes   | Program specific outcomes  |
| This programme prepares the students to enhance their area of skills by      |  |
| getting the extensive knowledge of the subject. The programme will help      |  |
| the post graduate students to broaden their basic knowledge of the           |  |
| concerned topics.  | TTo gain knowledge about the vocational courses and intensive skill development  |
| '  | basic knowledge of stitching and tailoring, cosmetology and computer   |
|  | applications.  |
|  |  |
|  | B.A  |
| COURSE   | COURSE OUTCOMES  |
|  |  |

| Physical education  Of Physical Fitness.  Acquaintance with social transactions, social relations, social formations, so control, social values and culture. Knowing the significance of social institution caste system, religion, nationalism, integrity, equality and justice.  To gain knowledge on the fundamentalprinciples of English grammar inclution parts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech, sentence types, sentence analysis, simple / compound/comparts of speech speech and sultitude.  To distinct analysis of literary types, sentence types, sentence analysis, simple / compound/comparts of speech speech analysis, simple / compound/comparts of speech speech analysis of speech a | History                    | To develop the ability to use historical sources and to locate primary sources,  |

| On anything product          |  |
| Operating system             | To inculcate the knowledge of operating system and its types and functions.                                    |
|                              | The aim of the Project work is to acquire practical knowledge on the   |
| Project Work                 | implementation of the programming concepts studied.  |
|                              |  |
| Course                       | Department of Commerce (B.COM)   |
| Course                       | Course outcomes  |
| Principles of accountancy    | Course outcomes  |
| ,                            | To enable the students to learn principles and concepts of Accountancy.  |
|                              |  |
|                              | On successful completion of this course ,the students are enabled with   |
| Financial accounting         | knowledge in the practical applications of accounting  |
|                              | To enable the students to learn the basis assessed of Particular   |
| Higher Financial Accounting  | To enable the students to learn the basic concepts of Partnership Accounting, and allied aspects of accounting |
| inglier i manetal Accounting | recounting, and amed aspects of accounting.  |
|                              | On successful completion of this course, the students should have the practical                                |
|                              | knowledge and the tactics in the marketing.  |
| Principles of Marketing      |  |
|                              |  |
|                              | 1  |

|                                 | On successful completion of this course, the student should be well-versed   |
|---------------------------------|--|
| Commercial Law                  | in basic provisions regarding legal frame work governing the business world.   |
| Management Accounting           | This course aims to develop an understanding of the conceptual framework of Management Accounting.   |
| Cost Accounting                 | To keep the students conversant with the ever -enlarging frontiers of Cost Accounting knowledge .  |
| Banking Law theory and Practice | To enlighten the students' knowledge on Banking Regulation Acts.After the successful completion of the course, the students should have a thorough knowledge on Indian Banking System and Acts pertaining to it. |
| Corporate Accounting            | This course aims to enlighten the students on the accounting procedures followed by the Companies.   |
| Income-Tax                      | This course aims to provide an in-depth knowledge on the provisions of Income Tax and to familiarize the students with recent amendments in Income-tax   |
| Principles of Auditing          | On successful completion of this course, the student should be well versed in the fundamental concepts of Auditing.  |
| Entrepreneurial Development     | On successful completion of this course, the students should be well versedinConceptrelatingtoentrepreneur,Knowledgeinthefinance institution, project report incentives and subsidies.                           |
| Business Automation             | On successful completion of this course, the students should be able to work efficiently in Ms-PowerPoint, Ms-Access and Tally.  |
|                                 | Department of Economics  |
| Course                          | Course outcomes  |
| Principles of macroeconomics    | o understand why household, business government and global behavior determined the aggregate demand for goods and services and understand the basic of national income accounting.                               |
| Microeconomic theory            | To encourage to make decisions using marginal analysis and opportunity costs. Understand the relationship between marginal utility and price.  |

|  | To enhance the ability to understand how household and business interact in various market structures to determine price and quality of goods and services produced and consumed.   |
|--|---|
| Economics of publications              |   |
|  |   |
| Principles of microeconomics           | To understand how household (demand) and business (supply) interact in various market structures to determine price and quantity of a good produced.  |
| Mathematics                            | To understand the concept how to solve financial problems, to solve exponential growth and to solve basic problems in statistics and probability.   |
| International trade and public finance | To understand the role of international trade, international finance and exchange rates in affecting living standards and to analyse the factors that determine currency exchange and impact of changes in exchange rates on exports and imports. |
