

2.3.2 Teachers use ICT enabled tools for effective teaching-learning process.

Response:

In order to provide an effective learning experience, teachers are encouraged to use modern teaching aids and tools like computers, audiovisuals, multi-media, Internet etc. Different faculties use various resources available online for effective teaching. The following technologies and facilities are available and used by the faculty for effective teaching:

- Faculties use Google Meet, ZOOM like interactive and collaborative applications and methods for teaching. This is a complete package. Faculties use video conferencing for teaching, meeting, online mentoring, talking sessions which help in delivering academic and online information to the students.
- Many departments conduct webinars, online quiz and guest lectures on the new developments and latest issues in the core subjects for effective teaching and learning.
- Computers, Projectors and Laptops are used in seminar presentation by faculty so that audio visual presentation may have lasting impression on young minds
- College also provides students access to internet facility on computers placed in respective departments so that they can read online the latest developments, under the control of teacher in a disciplined manner.

- The college library also provides the computers with internet facility and access to e-journals and e-books for the students.
- The students have formed their WhatsApp groups to promote effective peer learning. The students use the same to upload and exchange their work, assignments, educational videos and information and thus collaborative online thinking is promoted.
